

Add Shared Mailbox to Phone

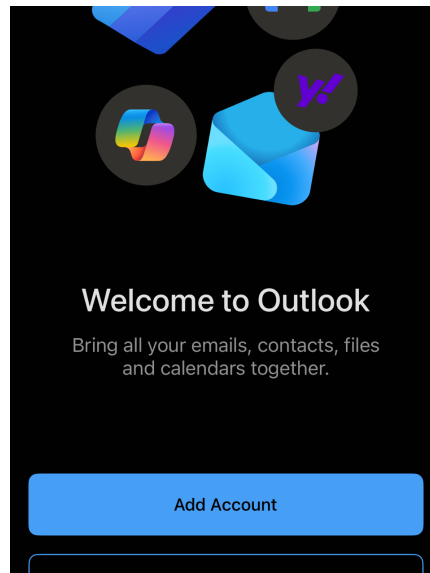

- [Add Shared Mailbox to Outlook App on Phone](#)

Add Shared Mailbox to Outlook App on Phone

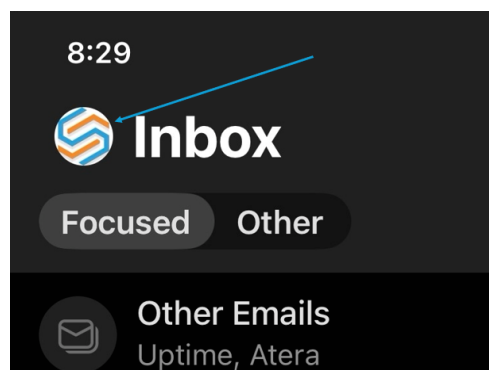

1. Download and install the **Outlook App** on your phone (Ref: [iPhone](#), [Android](#))

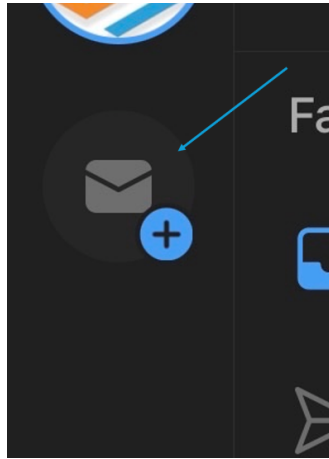

2. Log into your **Outlook** account

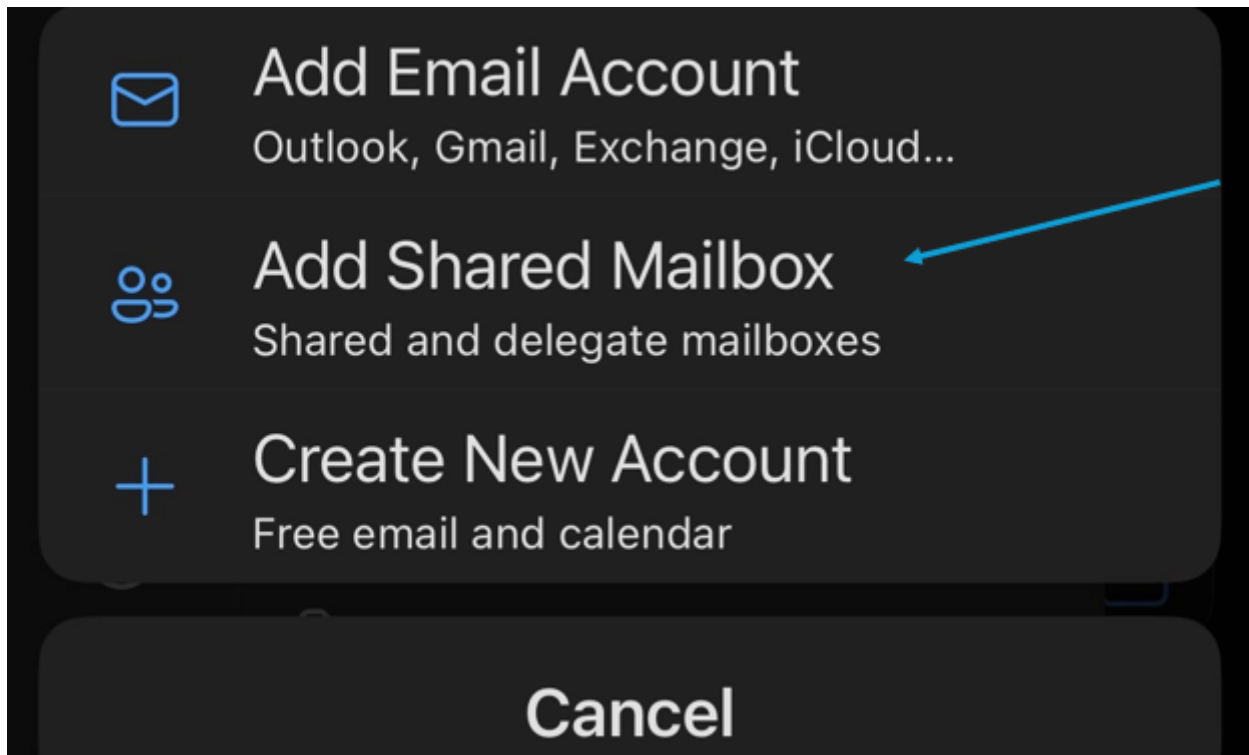

3. Click on your **avatar** at the top left

4. Click on the **Envelope** with the plus sign

5. Choose **Add Shared Mailbox**

6. Type in the email of the **shared mailbox** (*this will not require a login*)

Enter the shared or delegate email

@southstatetech.com

Add Shared Mailbox

7. When you click your **avatar** you will now have 3 options for inboxes (Globe - combination of inboxes, your main, and shared)
